

In the Beginning

© *Wings & Spirit*

If you take the Words of Truth and hold them in the Light, they will be the same in every direction. Herein abides that which is Eternal. Eternal Life, not known to the mind which understands and understands not, is the willingness to reveal Love beyond comparables.

In the Beginning. In the beginning was the Word, and the Word was without form. I reached within Myself, and I said, "Let there be." To become that which is and the world within to hear, the Spirit spoke the Word. "This is the Will of God. So be it in the Earth. Let there be Light." And in the Light begot all that is to become and all that has unfolded to this point of recognized idea. And in the Light, the Light said within Itself, "I choose to be that which I AM, LOVE."

And the Light unto the Earth gave birth unto all it contained, and found Itself to be the Love of God as you. It kept coming from the Earth until it energized a point of awareness . . . to behold that within Itself, which the Love is, and the return unto the space to which the Word said, "I AM the Light of the world."

It now has come a time when the mind is being bathed with Its own Light. And here is where you begin anew, for in the beginning was the Word, and the Word said, "I AM." I trust Myself to be that which is given within Me, for I AM All in All, contained within My-Self. And I hold My Light to be that which is the gift as the Divine. And herein I AM All in All. And I will again begin again within the Divine, the Word made flesh. I carry forth My Word upon the land which I have become. And here I shall receive what the land would give unto Me. And I shall give back unto the land that which I perceive. And the Truth shall be given unto the world, and the world shall give the Truth within to be perceived within that which is the world itself.

And from on high, those who are begotten in the Light of God return to serve the One, and carry forth the many . . . home. How many times have I begun within the Divine again to behold more of the Word in the Truth which is the Light. And the Light carries every seed which I AM. I behold Myself in the gift of the Word to give again, and so it is with the Earth. Far removed from this time shall be the given I AM, the speed of Light . . . multiplied more than the speed of Light is giving Itself even now. And this the world created crystalline to which the promise is of old.

For I AM the Word,
And I have said, "Let there be."
And into that I have spoken
The All that is Eternity

To unfold, to gift, even I to see.
For I AM the gift of God,
And God is the gift of Me.

The wisdom from above
Now herein hear,
And I carry forth My Word in you.
And in your times of peace
Where I can speak Mine,
You shall know that I AM thine.

And if you listen carefully,
Your voice to be Mine
Shall be the gift in Earth.
And all time shall here consume
That which is the Word,
Consumed within Itself again,
Holding I AM.

And I believe in that which is faith, for faith is given in the seed, and I AM trusting that which is the seed to give forth that which it contains. For in the desired given is faith revealed. And here the faith begins a Word made flesh. Trust that which is and all given unto you.

I am your Love. I keep within Myself each other's heart, and I hold within Myself each other's presence. I reveal within Myself each other's truth. And I keep within Myself each other's precious Light which is "In the beginning was the Word."

Reasons are not of the future. Memories are not of the past. Gracious movements of Light are all the I AM is, and the unfolding of that to return, to be, and express; return to be, and express; and return, to be, and express. It is like that which is the Light finding its own thing it created to reveal it to Itself, and take it to Itself, to give it to Itself. So be this, Eternal One.

Masters each of you to which the Light now shines, and the voice to which the Spirit speaks is the One I AM, and you shall know yourselves by what is found in the Word as you, holding your Light.

And, as you look beyond your energies where you can see not, is where you shall find. Here I shall speak and softly energize what tomorrow brings, holding you safely into the gateway through which I swing Myself in you, the peace of Christ. Simultaneously, the moldings, if you will, fall away, and that giveth unto you something more comparable than peace. For in what is beyond the mind and the Words which I AM, is the gift of Eternal Life. If you take the Words of Truth and hold them in the Light, they will be the same in every direction.

Herein abides that which is Eternal. Eternal Life, not known to the mind which understands and understands not, is the willingness to reveal Love beyond comparables.

Have you, have you ever been
Through that which is within?
And have you ever, ever been
To the other side?

And have you ever been
The Light within I AM
Which calls you to that which is you are?
Oh, indeed, for this is All That Is.

And soon the mind shall know
That it is not of itself,
But simply an extension of the Light
Which it is an instrument.

Beyond the mind I rest Myself as the Eternal of the All that is I call you now to know. Serve what is the known in you, to be the gift expressed, so you, too, can reveal what is, and the Love of God be made known through the Word which is as You.

Fiction novels shall come to pass and be no more, for all shall be the Truth. All is rested in the Word which is given in the heralding of the Divine. Holy, holy be the Love of God and the will to return to the Will.

And the speed with which the Light now flows
Shall be multiplied a hundredfold,
To be the gift of Love returned
To gift again divine Sojourn.

"Let there be."
To gift the world beyond the mind to see,
To be experienced One in all eternity.
To herein golden world I bring
And the Light far from remembering.

I AM the Light, and the Light I AM, the Peace which I AM you are. And the trust which is the trust given, is the trust you are welcoming as that which is your own. And you shall know the Word by what quickens within. Hold the Light of Truth, "The LOV E of God I AM."

That which is the mind now consumes all and allows its regeneration to pass and to collect with new Light. The Light which is collected is given unto the world a new beginning. So be the Love I AM.

Those of you in the Masters seats, that gather the Beloved of God, shall be gifted with the sword of Light, and herein cut loose all that has been forgiven.

To release the time, the past, the future and the present even now, to begin again with no time frame of reference to remember. So it shall be in the new worlds, this thing you call the past, the present, and the future, shall not exist at all.

It is the will of God that you now move through *this* veil and through the portal of the Golden Age to that which is the seed sown again

You have fulfilled what the seed of Love has brought thus far, and as you gather more of the fruit in the Earth ye shall seed and seed again a New World Order of the Golden Age of Love.

I AM the presence of the Holy Mother, the Love, the peace, and the joy. I AM the gift of the Word of God and the life made flesh in all. I AM the Spirit from on high, that which gifts one with the understanding of the mind.

Joyous movements of Love are entering into I AM, from that which is I AM, to that which is I AM... returned. So is My breath to the world. If you will take the breath and allow it to be consumed within to focus upon, it shall reveal to you the secrets of the worlds within.

Your LOVE, measured not, reveals the LOVE of God!
